Join us for the opening of
an exhibition of paintings
by

Daniel Miedzinski

1930 – 2010

WEDNESDAY 30th JULY 2014
at 6.00 pm

*At first glance, the intricate, immaculate and unique paintings by **DANIEL MJEDZINSKI**, in acrylic and ink, may seem abstract to the viewer. With a closer look, a strange and mystical imagery begins to emerge.*

Miedzinski spent many years studying the sculpture, art and fabric of ancient Africa, Asian and Oceanic countries, which inspired and ignited his passion. Miedzinski drew his subject matter from the mystery of rock art and the beauty of plant formations, archaeology, anthropology, as well as what he considered "nature's gems": patterning and contrast revealed in microscopic views of nature. Miedzinski felt that his work evolved into a new and fascinating art form. It is a form of art that needs to be "read" rather than being purely decorative.
